

Redan Staff Space, Halifax Citadel

GBCL

Building Strong Communities

Imagine your office in a vaulted granite stone room with views of the downtown and a huge courtyard. Some of the staff at the Halifax Citadel now have this as their office space. GBCL transformed the storage rooms into usable office space including showers and a kitchen. First re-pointing and repairing the stonework, GBCL then completed upgrades to the electrical and mechanical systems to allow for all the comforts of a modern office and kept all the historic elements. Thanks to Public Works Canada and Parks Canada this was a very rewarding project and the results are remarkable.
